MORINVILLE NEWS

MORINVILLE. — On Sunday morning Mr. and Mrs. Eric Linden with daughters Patricia and June left for Minneapolis after a visit of a month and a half spent at the home of Mrs. Linden's parents, Mr. and Mrs. J. H. Perrin. It was unfortunate that Miss Patricia had to spend so much of her holiday in the hospital. However she is well again and she took the plane for home on Sunday.

Among our patients still in the hospitals in Edmonton, we visited Rev. Mother Provincial, who is a bit better; Roland Lambert, who is very ill; and two of our old timers, Mr. Comeau and Lavigne. Mrs. Leo Douzeich underwent an emergency operation and is now resting nicely. Mrs. Felix Houle is also reported better.

Last Thursday the broomball game played on Morinville ice between The Coyotes (married men) and The Wolves (single men) was a good success and everybody is looking forward to another match. It goes without saying that The Wolves won by a good margin.

On Thursday evening in the Parish hall a large crowd of adults heard a health talk by Dr. Sieman of the public health board along with a series of films, sponsored and held under the auspices of the Lions Club.

All Morinville mourns the death of Mr. Joseph Charles Heppeler.

On Wednesday Morinville Cubs played Melton of Edmonton and were defeated 5-2 in a good fast game. Our boys now stand in third place in the Edmonton Intermediate League. A hockey game is scheduled for Sunday on home ice.

Bill is again counting his chickens before they are hatched as he was putting in 26,000 eggs in his incubators. March 3 will tell the tale as the first batch of chicks start to peep.

Among our local citizens we are informed that several cases of flu are still on the doctor's list. Master Guy Beland is back from the hospital along with Mrs. Landry's two children.

Mr. Roland Lambert has gone through another major operation on his leg, and is reported to be holding his own.

Mrs. Felix Houle was taken to the hospital last Wednesday and is now resting well.

Mrs. Louis Calder is also resting in an Edmonton hospital.

Mr. George Staffin suffered a fractured wrist and Mr. Arthur Houle a hand injury this past week.

A minor fire causing smoke and water damage at the home of Mrs. Daigneault occurred on Monday evening when a chimney caught afire. Old Faithful chugged to the rescue under the able guidance of her driver, and did her best after a few magic words from the fire brigade.

Mr. Louis Dhoedt has taken up residence in his new home. Welcome to our old friend as a new town resident.

First Load After Opening

MORINVILLE. — Leo Riepol brought the first truck load of grain—barley seed—after the official opening of the new seed cleaning plant here on opening day, Feb. 1.

Agenda for Annual Meeting to be Held in Morinville on Saturday, Feb. 18, 1950

Opening of the meeting by the Returning Officer at 1:00 p.m. Returning Officer calls on the meeting to elect a chairman. Chairman takes the chair and calls on the meeting to elect a secretary.

Section 47 M.D. Act (2) at every such meeting the Reeve and secretary-treasurer shall be present and have with them the minute book of the Municipal District of Morinville and shall give such information as they may be able, with respect to any municipal matter concerning which they are questioned.

Chairman or secretary of the meeting now reads the minutes of the last annual meeting held on Saturday, Feb. 19, 1949. Motion of adoption of the minutes called for by the chairman. Discussion of the minutes of the previous meeting.

Reading to meeting of latest municipal inspector's report. Chairman calls for motion that auditors' financial report be received.

Discussion of the auditors' financial statement by the meeting.

Chairman calls for adoption of auditors' financial statement.

Returning Officer to receive nominations:

Nominations for candidates are to be received for electoral division No. 4, said nominations are to be received between the hours of 3:00 and 4:00 p.m. At 4:00 p.m., the Returning Officer declares the nominations closed and proceeds to give the results to the ratepayers, announcing elections if more than one nomination or in the case of only one nomination being received for an electoral division he declares that nomination elected by acclamation.

Candidates are given a short period to address the meeting. Chairman calls for discussions on "Educational Costs."

Chairman calls for discussions on "Edmonton Rural Health Unit."

Chairman calls for discussions on local paper (St. Albert Gazette, Legal Record and the Morinville Journal) now being received by all resident ratepayers.

Chairman calls for discussion of the Agricultural Service Board. Report for 1949—Question of noxious weeds.

Chairman to call for any resolution to be presented to the meeting.

Discussion on public works, road construction, snowplowing, etc.

Chairman calls for any other discussion which may be brought up. All such questions to be directed to the chair.

POOR ADVERTISING!

The Fort Saskatchewan Hockey Team of the Edmonton and District Intermediate "B" Hockey League were scheduled to play the Morinville Cubs of the same league on Sunday, February 5, 1950. As the weather was very favorable, a big crowd gathered to see the game, but the Fort Saskatchewan team never showed up. This is very poor advertising for the Fort Saskatchewan community.

REPORT OF FEBRUARY MEETING M.D. COUNCIL OF STURGEON

EDMONTON. — The meeting of the councillors of M.D. of Sturgeon for this month was held in the Municipal office here, Thursday, Feb. 9. Councillors present were: Reeve, T. Rowswell; Councillors Joe McLean, Clive Potter, H. Stach and S. Radomski.

Reeve Rowswell called the meeting to order and each councillor having received a copy of the minutes of the meeting held Thursday, Jan. 19, 1950, and acknowledged having read same and found them correct; it was then moved by Councillor McLean that we dispense with the reading of the minutes by the secretary and that same be adopted as having been read. Carried.

ASSESSOR

Moved by Councillor S. Radomski that Mr. Sid Gee be appointed assessor for 1950 at the rate of \$12.00 per day plus ordinary expenses. Carried.

PETER SZCZYGOL

Secretary informed council that he had interviewed this man in St. Joseph's Hospital on Jan. 31, 1950. He is diabetic and claims to have no funds. Very difficult to get any information from him, he acts a little strange and might possibly be a little mentally deficient.

From other sources have learned that he has some funds and under the Public Trustees Act, 1949, either a relative or a creditor can make application before a judge for administrator of estates to look after the assets of a person incapable of looking after his own affairs.

Moved by Reeve Rowswell that the secretary be authorized to take up the matter with Messrs. Brownlee & Brownlee, municipal lawyers, regarding Mr. Szczygol. Carried.

ADJOURN FOR LUNCH

It was moved by Councillor McLean that meeting adjourn for lunch. Carried.

NEW DS

The secretary informed council that the new DS had now been delivered by the Union Tractor Equipment Co., but that the invoice had not yet been received. There would be a discount for cash for prompt payment and the account would possibly be rendered before the next council meeting.

It was moved by Councillor J. McLean that the secretary be authorized to pay this account if rendered before the next meeting and obtain the discount. Carried.

RELIEF

Secretary reported Mrs. Emerychuk needed some fuel and was unable to market her potatoes on account of the extremely cold weather. If the municipality

Veterans Hold Social Evening

MORINVILLE. — On Feb. 5 a social evening was held in the Morinville Community hall for the veterans and invited guests. About 75 were in attendance among whom were Comrade Stanners, zone commander; Comrade Williams, Kingsway branch; Comrade Jack Jones and Comrade Harrison.

Mr. Sandy Petrovitch, better known as Sandy the Magician, was also present. The evening started with a few hands of whist, then Comrade J. Jones led the group in a sing-song, accompanied at the piano by Comrade Harrison. Mr. Sam Logan sang a selection of delightful solos, after which Sandy put on his bag of tricks.

A few more songs were sung then everyone enjoyed a lunch supplied by the ladies and served by members of Morinville Sports Association. Mrs. Stanner won the ladies' first prize, a lovely box camera, and Mr. Stanner won men's prize, a pen and pencil set. The entertainment committee, Comrades Charles Pelletier, Mort Milner and Larry McCall did a fine job of arranging the whole evening. Comrade Art Stapleton acted as master of ceremonies and introduced the president Mr. John Hrushka, Comrade Stanners, Mrs. Stanners and Mr. Alex Reid.

A song by Mrs. Greaves of Leidal after lunch along was a trio rendered by Miss Stella Meunier, Jack Jones, Sam Logan in honor of Mrs. Anna Milner was very much enjoyed.

It seems that a great deal of interest is shown this year by our members and there is no reason why our Legion hall cannot be built this summer. The hall will be known as the Memorial Community Centre. This is the name chosen because it is known that some day the veterans will have left the parish or gone to rest, but the hall will still remain as token of aid to the youths of the day and for many years to come, and if another war comes, God forbid, the veterans can carry one.

A correction from last week is in order as it read: Entertainment committee Laurence Brochu, Morty Milner, Larry McCall and it should have read: Charlie Pelletier, Morty Milner and Larry McCall.

Comrades, please attend all meetings.

would obtain some coal for her she would guarantee payment as soon as she could dispose of her potatoes. It was moved by Reeve Rowswell that the request for fuel granted by the secretary be approved. Carried.

Mr. Whithy appeared before council regarding relief which was not granted at the last meeting, stating that on account of his bad back he would not be able to do any road work and would have to go six or more miles to work. It was pointed out that if any light work was given to him it would not be necessary for him to travel backwards and forwards to the work each day, as in all probability accommodation could be found in the bunk car for him.

However, it was pointed out that he had some money which should last him for some time before relief was necessary.

ELECTION BATTLE BEGINS IN ENGLAND

The election campaign in Great Britain is moving toward the decisive day, February 23, when the voters of that country go to the polls to determine whether the present Labor Government will be returned to office or replaced by the Conservatives, led by the great war leader, Winston Churchill.

The parties have set out their platforms, using all the sugar bait that political parties are accustomed to set before the unsuspecting citizen. We make this statement on the assumption that British politicians are like those on this side of the Atlantic, and that the purpose of the platforms is to cajole votes.

The Labor Government, as most of our readers know, has nationalized the coal industry, railways, canals, docks, airways, gas and electricity, the cable and wireless, and the Bank of England. It has proposed to nationalize the iron and steel industry, but this has been deferred until after the day of the election.

The Conservative platform gives a pledge to stop nationalization, including that of iron and steel, to put some road transport back into private industry, decentralize the coal and railway administrations and determine the fate of the gas and electricity industries after greater experience in the present operation.

Interestingly, the Conservatives, in their political manifesto, suggest that everyone should be able to own a home of his own, asserting that a five per cent deposit in cash should be sufficient for the purchase of a house. In brief, it promises a cheaper welfare state and more freedom, but it does not undertake to undo much of the nationalization already effected by the Labor Government.

We have no way of acquiring the information necessary upon which to base a prediction as to the outcome of the British elections. One newspaper correspondent, who recently visited England and in whose judgment we have some confidence, was of the opinion some months ago that the Labor Government would be returned to power. Whether this happens to be correct or not, it is virtually impossible to identify the British parties with those of Canada and it would be a mistake to assume that the Conservatives correspond to our Progressive Conservatives and that the Labor Government corresponds to our Liberal administration.

ANOTHER REBUFF FOR C.C.F.

From the EDMONTON JOURNAL

For more than a year now, election returns have not been pleasant reading for socialists anywhere, and certainly not for C.C.F. followers in Canada. The trouble is that the followers are dwindling, or else are definitely outnumbered.

This is what happened in Wednesday's byelection in the Saskatchewan provincial riding of The Battlewounds. The Liberal held the seat, won from the C.C.F. in the general election of 1948. The C.C.F. candidate, A. D. Connon, was elected in the socialist sweep in 1944, but has now failed twice to hold the constituency for the party.

Here are the results in the last three tests of electoral opinion:

In the general election of 1944:

Connon, C.C.F.	2,788
Prince, Liberal	2,426
McNair, Prog. Con.	446

In the general election of 1948:

Prince, Liberal	3,990
Connon, C.C.F.	3,554

In this week's byelection; two small polls missing:

Maher, Liberal	3,244
Connon, C.C.F.	3,120

Thiessen, Prog. Con.	373
----------------------	-----

The seat was opened last December by the death of Mr. Prince. The two polls not included in the totals recorded here are described as "strongly Liberal."

The holding of the vote in mid-winter, a time when difficulties beset the polling of the rural vote, which has turned away from socialism, and the three-way contest even in combination failed to win the seat for the government of Premier Douglas.

NOTES AND COMMENT

What this country needs is some new jokes.

Being tired often causes people to be broke often.

Writing is bad anytime; when it is against time, it is worst.

Getting somebody else to do your work is the recipe for success.

The trouble with reformers is that two of them so rarely agree.

Pen Picture Of Leduc's Mayor

From C.W.N.A. Bulletin

Fred Johns, mayor of Leduc, is one of those fellows who came in when they were building the basement and now finds the place crowded with elevators and an escalator or two.

To him, Leduc is quite different than a place where he was before. Leduc blew in. The other place blew out.

Mayor Johns is a printer by trade and by profession is publisher of the Leduc Representative, Thorsby Western Messenger and the Devon Devonian, all weekly papers serving their various communities and the news.

He came to Canada from Wales with his parents in 1912. They settled at Lloydminster and Mr. Johns learned the printing business there with the late J. G. Williams.

He went to Saskatoon in 1927 and worked on a daily for six years, then the country called, as it does to most newspapermen, something or another, and he went to Dundas, Sask., to take over a plant in 1934.

In 1938 you couldn't hear the sound of the country for the noise of the wind. Dundas dirt was about as dry as sand. Mr. Johns went to Wainwright where he worked until enlisting in the army in 1940.

He was overseas with the forestry corps, the armor corps and the medical corps until 1945 and the following year, knowing a lot about forests, armor and first aid but not much about oil, he bought the Geddeswear paper in Leduc. In 1947 he was elected to the council and the same year the councillors developed perpetual headaches as Leduc developed oil. In 1948 John found the town mayors were no hoodoo; he took over to finish the term of another fellow. This year he was re-elected for two more years.

And as a fellow who has never been off a five day shift, Mayor Johns also lends a hand now and again to the Canadian Legion, Lions Club, of which he is past president and past secretary; the L.O.P.E. and Elks' lodges, and the business of trade of which he is a retired president.

NOT HERE

Gob — After all, fools are the people that really make life interesting. When all the details are gone, you won't care to be here.

Marine — Don't worry, you won't.

PROGRESS

"Are you making any progress in getting acquainted with our New-rich neighbors?" John asked. "Yes," I said. "It was their cat that invited our cat to that backyard concert last night!"

DIFFERENT GOAL

She — You say I'm the most beautiful, divine, and gorgeous creature in the whole world? Are you trying to kid me?

He — No, I'm trying to kiss you.

NO CHOICE

Little Nellie was asked the difference between the quick and the dead.

The quick are those who get out of the way in time; the dead are those who don't.

AND SO DOES \$20

Girl — You want me to marry you, and you earn only \$20.00 a month?"

Sister — "Don't worry, dear; a month soon passes when people are in love."

FUTURE PROSPECTS

Mrs. Justwest — I can't help feeling jealous of my husband's first love.

Mrs. Longwest — My husband's first love doesn't bother me any more. It's his next love that I worry about.

THINK OF THE GARAGE MAN

First Mechanic — "Which do you prefer, leather or fabric upholstery?"

Second Mechanic — "I like fabrics; leather is too hard to wipe your hands on."

THE EVIDENCE

Roshington — Who was that man you raised your hat to?

Green — That was my barber. He sold me a bottle of hair soap once a month ago and whenever I meet him I let him see what a fraud he is.

Liberals Insure Election Deposits Against Landslide

LONDON. — Lloyds of London has insured the British Liberal Party against the monetary loss connected with sweeping defeat at the polls. It has put up £30,000 (\$84,000) worth of insurance for a £5,000 premium.

The Liberals, third strongest party in Britain, announced they had made the arrangement to insure their candidates against the loss of their election deposits. The British people vote on Feb. 23.

Each candidate for the House of Commons must put up £150 (\$420) for the right to appear on the ballot. If he gets less than one eighth of the total votes cast in his district, the money goes into the national treasury.

In the 1945 election, the Liberals polled only 2,253,197 votes out of 25,018,393 cast—less than one-eleventh of the total. They now hold 10 house seats.

The Liberals plan to run more than 400 candidates for the 625 seats in the new house. Lloyds will pay all deposits lost after the first 50 — up to a total of 250. Should the maximum of 200 insured deposits be lost, Lloyds would have to pay £30,000.

Canadians smoke approximately sixteen billion cigarettes a year, and pay \$170,000,000 in federal taxes on these cigarettes.

A good fit is the cup won by this champion female chinchilla who could use a wide span kennel. Carol Hugginson holds the prize animal during the third annual show of the Chinchilla Breeders of Canada, held in Toronto. As a champion, this animal is worth about \$2,000.

Studebaker Prices Cut \$82 to \$135

SOUTH BEND, Ind. — The Studebaker Corporation is reducing list prices of all its passenger cars from \$82 to \$135 effective immediately, according to H. S. Vance, president and chairman.

"The year ended Dec. 31, 1949, was the most successful in our history," Mr. Vance declared. "Our production for the year was of record proportions, with passenger car output 43 per cent higher than in 1948."

"Since the introduction of our 1950 models in September we have been able to increase our production further."

Germination Tests Needed

According to a statement from the Agricultural Department of National Grain, many samples of wheat seed submitted by farmers for germination tests are testing below 75 per cent. In oats and barley the situation is even more serious.

Farmers are urged to have free germination tests made on their seed grain to ensure satisfactory results with their 1950 crops.

National Grain officials emphasize that due to drought, second growth, hail and frost during the past growing season, tests this year indicate that a very serious seed condition exists in Western Canada, particularly in the northern areas of Saskatchewan and Alberta, while many other districts are also showing poor results.

There is no charge made for germination tests. Farmers should take not less than a 6-oz. sample of their seed grain to the local National Grain Manager, who will forward the seed for testing.

Not For Awhile

Export of Alberta natural gas will not take place until a 50-year reserve has been definitely established, according to N. S. Tanner, Alberta's Minister of Lands and Mines.

Skirts To Be Shorter

PARIS. — Today's newest fashion show brings in the old look of shortened skirts and more coverage above.

Fifteen and a half inches from the floor for day time and a full inch shorter for evening, that is the decree of Pierre Balmain in the first of the style-setting Haute Couture shows.

In a radical change of the evening picture, he replaces the bare foot of last season with demure V or strap necklines. Skirts, slim or full, were all short. Even the bride will walk to the altar in a short skirt.

The dancing mood was felt in ribbon panel skirts and the swallow-tail overskirt. Dignity was given the ensemble by a ground-length train swinging from the shoulders, covered with 18th-century lace.

Lifted from the family album were chiffon ensembles in pastel shades. Coats were trimmed and hemmed in matching furs.

Summer Eggs Are The Pay-Off Kind!

YES SIR! It's with those early hatched pullets that come into production from July to early November that you cash in on the high prices when fresh quality eggs are scarce.

Let the marginal poultrymen sell off their flocks at the first sign of low prices and YOU plan to be at the pay-off when the shortage develops next summer.

In order to have pullets laying in June you have to have January and December hatched pullets. Fortunately enough we have several thousand of 6 to 10 weeks' old pullets for immediate delivery. Get yours now and avoid disappointment.

National Film Board Movie News

It's 40 below, period, at time of writing and the time when those banks of snow around the building will be melting and the spring thaw begins seems far away and remote indeed. But spring, by the inexorable laws of nature, does come, sometimes sooner, sometimes later and with it the spring run-off carrying the fertilites deposited in the first five inches of top soil down to the creeks and thence to the rivers, cutting channels across cultivated fields as it goes and plugging culverts with the soil that should be producing the world's next year food supply.

Water erosion is the technical name for this problem and it along with its half-sister, wind erosion, is the topic dealt with in the National Film Board's latest agricultural release entitled "Land in Trust."

In a few decades, Canadians turned a wilderness into a nation, and all they built was based on the capacity of the land to produce. We see the rich earth turning in deep furrows from the plow and then in tragic contrast, the barren gullies of erosion, a national calamity caused by the thoughtlessness of man.

On the western plains, the wind blows the land away faster, faster, and as the commentary warns, if man cannot learn to work with nature she will break him ruthlessly and surely.

How can soil be protected? Dr. E. S. Archibald, director of the Dominion Experiment Farm, explains the formation of soil. He describes how farmers depleted the soil by stripping it of all trees, by cultivating up and down hills, by removing fibre from the soil, and he stresses that man must learn to put back into the soil as much as he takes out of it.

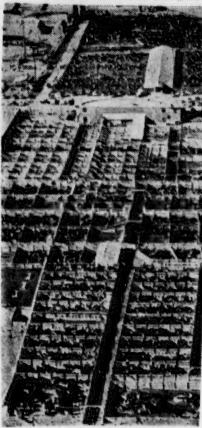

We see scientists analyzing samples of soil, revealing what happens when it loses its fibre. We see numbers of ways in which land may be preserved, by studying and applying nature's own methods. Most important, and the real basis of land use, is an intelligently planned cropping system, which includes planting of suitable grasses.

Problems of orchard irrigation, of drainage, and how to meet the next drought period are discussed. We see now by patient, scientific treatment, land which had become almost worthless can be brought back to fertility, and how modern machines can help in this process. With proper knowledge, the rich land of Canada can be handed on, a priceless heritage, to future generations.

This is a film that every farmer will be interested in seeing, since erosion in one form or other is

a problem of prime importance in many sections of the province. To those newer sections where the problem has not developed as yet the film will serve as a warning of the shape of things to come if bad farming practices are continued.

Gives Lowdown On Car Crash

SAN PEDRO, Calif. — If you saw the truth, it's to a child. Officers investigating a traffic mishap got confused reports until they questioned a boy, 7 who was in one of the cars.

Said Junior, helpfully: "Daddy was going real fast. Mommy asked him to slow down two or three times. But Daddy didn't stop, sir."

Investigators didn't report Daddy's reaction to his son's remarks.

PROSPECTS BRIGHT

CALGARY, — Prospects look pretty good for Alberta farmers in 1950, Agriculture Minister David Ure told Calgary Board of Trade.

Indications are he said, that wheat acreage will be somewhat less than last year and the coarse grain acreage a little higher.

FEWER POULTRY

"I think we can expect the number of poultry and hogs to be somewhat lower than we had in 1949 and I think the beef picture will be about the same," said the minister.

The financial position of the farmer was better now than it had probably ever been before.

Mr. Ure said he did not think anyone would be justified in feeling that prices the Alberta farmer is receiving for his produce are out of line with the general economic conditions.

In the main, farmers were not yet receiving their fair share of the national income.

PAY OFF \$105,000,000

In 1931 Alberta farms had owed in excess of \$108,000,000 on real estate covering 38,000 farms.

By 1946 this had been cut to \$30,000,000 on 22,000 farms.

Since 1946, which was the last year for which he had complete figures, the position had improved considerably.

Speaking about markets, Mr. Ure said there are indications the domestic demand for agricultural produce in 1950 is going to be good despite the apparently climbing level of unemployment.

The British market was still the best for exportable surpluses.

"It does not make sense," he declared, "to say that we have lost the British markets and cannot recover a favorable proportion of them."

Sunday School Lesson

THE FIRST GENTILE CHURCH

International Sunday School Lesson for February 5, 1950

MEMORY SELECTION: "In Antioch the disciples were for the first time called Christians."—Acts 11: 26.

Lesson Text—Acts 11: 19-26; 13: 1-3.

In the Book of Acts, Luke, after telling the story of Saul's conversion and his experiences in Damascus and Jerusalem, reverts back in point of time to recount the early spread of the Christian faith.

The persecution which followed Stephen's death resulted in adherents of the new faith being "scattered abroad," the disciples fleeing to various cities, including Antioch, where they preached the new gospel. However, at this time, they confined their missionary efforts to their own race, "speaking the word to none save only to Jews."

Antioch, in Assyria had been founded three centuries before on the Orontes River. It was the third city in the world, with a population of half a million, and the terminal of rich caravans from Persia and India. It was modern for its day, having a splendid and adequate water system, and its main street, five miles long, was wonderfully lighted by night and travellers by day.

Up to this time the gospel had not been directed particularly to the Gentiles. True, it was that Peter had previously been to Caesarea and received the centurion Cornelius into the faith, which act had been approved at Jerusalem, but no general effort had been made to reach others than Jews. The Jerusalem Christians, somewhat concerned about the reports from Antioch, decided to investigate and wisely selected Barnabas for this purpose. He was a Levite, a native of Cyprus, and his character is amply attested in the commentary that he was a good man."

Barnabas went to Antioch and was so impressed with the activity there that he remained and took part in it. Remembering Saul of Tarus, who some seven or eight years ago had vowed to find in Jerusalem, and realizing that this was the type of man for the particular service needed, Barnabas set out for Tarus in an effort to seek Saul.

During these years Saul had been waiting; perhaps sometimes questioning why, but nevertheless, undergoing a period of preparation by working in Cilicia for the wider and greater mission which he was to undertake.

It was at Antioch that the term "Christians" was first applied to the followers of Jesus. This name was of self-assuming because they usually referred to themselves as "saints," "disciples," "believers" or "those of the way." The title was not given them by the Jews, because they were accustomed to refer to the Christians as "Nazarenes," remembering the question whether any good thing could come from that city. The probability is that the Gentiles, perhaps in derision, first began using the term "Christians" for those believing in the new faith.

Australian Navy Encourages Natives

CANBERRA, Australia. — Shock-haired "fuzzy wuzzies" of Papua, New Guinea, are to form part of the Royal Australian Navy.

Navy Minister Josiah Francis said the formation of a unit of 50 seamen would encourage natives of island territories to take an active part in the defence of their own country.

The islanders had a long-standing reputation as seafarers and their knowledge and ability to negotiate hazardous coastal and river waterways during the Pacific war justified their inclusion in the new formation, Mr. Francis said.

People who are worthless are not talked about very much. It is the man who is trying to make the most of his time and talents who is a target for the abuse and aspersions of jealous minds.

Army Scans the Air

WASHINGTON.—The army is launching a study into how it can build up its small but potentially powerful airborne force.

Gen. J. Lawton Collins, United States Army Chief of Staff, said a panel is being created from officers in the operations organization of the 11th and 82nd Airborne Divisions, the Army General Staff, the Command and General Staff College at Fort Leavenworth, Kan., and headquarters of the army field forces at Fort Monroe, Va.

Maj. Gen. William M. Miley, Commander of the 11th Airborne will head the group.

At present, the whole complex matter of airborne operations—especially trained airborne troops, glider experts, specialists in loading and dropping equipment and supplies, crews of transport and glider tow planes—has no central directing agency. Other services, like the infantry and armored forces, have centres which direct and coordinate their work.

General Collins recently told reporters he believed that airborne operations "will play a very important role in any future war. But, he commented, there are serious problems to be solved, including methods of getting tanks and heavy equipment to troops dropped by parachute or landed by glider behind enemy lines."

It is these problems which the study panel will consider.

LOUISA'S LETTER

Dear Louisa:

Please advise me what to do about a very stubborn old woman. I hate to speak of her in such a way for she is my own dear mother but she is very unreasonable and hard to understand.

She is past seventy years of age and her mind is as bright as a dollar so we can not blame her behavior on childlessness.

This is the trouble. She took care of my invalid father for quite a good many years so was naturally tied down. But since father's death, four years ago, she has been acting more like seventeen than a woman past seventy.

She makes friends with strange people instead of sticking by old friends we have all known for years. She goes "joy" riding with them and even to the theatre.

Worst of all she goes to picnics on Sunday. She taught us children that was sinful to do on the Lord's Day.

Just because my health is poor and I am unable to do her laundry and to take her on pleasure trips, she tells my neighbors that I am neglecting her. She does contribute to the household expenses but I only have her do this so she will feel independent. Then she tells her neighbors in a bragging way that she pays her own way.

I'm sure she gives her strange friends expensive gifts. I'm worried now for fear she will give away her property. Is there any legal way we can prevent her doing it? Her friends are women so

they can't get her property by marriage.

I have a sister and the two of us have children so we feel that mother's property should be ours when she is through with it. I will greatly appreciate your advice.

M. W.—Fla.

Answer:

I think your mother is just having a little fling because she missed so much during the time she was nursing your father. As you say there is nothing wrong with her mind, there is really nothing you can do to keep her from enjoying herself.

Everyone is entitled to judge for themselves, after they are grown whether they should go to the theatre or on a picnic or not. And if she has the money to pay her way, she is certainly entitled to do as she pleases.

Of course, I am not able to judge, whether these "strange"

friends are just interesting people she has recently met or gold-diggers, who are out after her property.

Naturally, I think she should leave her property to her children because if she were poor, her children would be the ones she had to depend on and not fair-weather friends.

My advice to you and your sister, if you want to keep the property in the family, is to stop criticizing the old lady and make home and family more interesting for her. Perhaps if you would take her for a ride or to the movies occasionally, she would not be so eager to go with strangers.

But I certainly do not think she should expect you to do her laundry if she is able to hire someone to do it for her.

Good Luck,

LOUISA.

'Haywire' Situation Is Way Ike Sees It

Dwight D. Eisenhower said there is "something a little bit haywire" that makes it difficult for the nation's armed services to work together.

In broad terms, Eisenhower attributed the outcropping of feuds and controversies among the three services to the high confidence of each in his own force.

"Take a paratrooper with his very, very high morale," Eisenhower said. "A paratrooper really thinks if you give him two bazookas and a jeep, he'll go anywhere and whip the world."

"Of course, it's a fine spirit, but the fact is that each service gets this almost cocky confidence in its own forces and then the heat of argument starts as all come to realize that there is not enough where the world is."

Eisenhower, now president of Columbia University, discussed several phases of the armed services row in a copyright interview published by U.S. News and World Report, weekly news magazine.

Don't Take A Chance

In spite of the continued warning, too many accidents still occur as a result of carbon-monoxide poisoning. Warming up cars, trucks or tractors inside a closed building, or opening the door too little to allow sufficient air circulation is asking for trouble. C. A. Cheshire, Extension Agricultural Engineer, Alberta Department of Agriculture also advises a periodic check of exhaust pipe and mufflers.

From leaks in the exhaust pipe or muffler, gasses may escape into the cab of the truck or body of the car with drastic results. This condition is most dangerous when the vehicle is standing still with the engine running.

Tractor accidents took an even greater toll of life in 1949 than did carbon-monoxide poisoning. Increased road speed and decreased rolling resistance have a bearing on this. With the modern high speed tractor, many operators rely to a large extent on individual wheel braking to assist in steering. This tends to tip the tractor, warns Mr. Cheshire, and should be avoided unless absolutely necessary.

Decreased rolling resistance of the modern tractor makes it particularly dangerous to hitch to an implement on an up-hill grade. Apply the brake or use a block. Unless this is done the tractor may roll back and result in a dead or maimed operator. Many tractor accidents could also be prevented by shutting down the engine before refueling.

Radar Directs Path Of Ships

VANCOUVER.—New double-antenna radar gear in Vancouver Harbor "talked" an estimated 53,000 ships in and out of the harbor during 1949, according to W. J. Mooney, chief signalman of the radar unit.

Installed by a team of natural scientists from the Canadian National Research Council, the radar gear is at First Narrows Signal Station, high up in the centre of Vancouver's Lions Gate Bridge.

No special equipment is needed by a ship in order to utilize radar, Mr. Mooney said. Any fobbound vessel need only contract the First Narrows Signal Station by radiophone on the marine band, 1,630 kilocycles, and radar control will be afforded her, according to Mr. Mooney.

HIGHWAY PLANS
By Aerial Photos

WHITECOURT — Aerial photographs of the province will be used by the department of public works in planning a new \$4,000,000 road from Whitecourt to Grande Prairie.

Department officials met with the Alberta Motor Transport Association Thursday and decided a careful study of the photographs would be made before any decision is made on a shorter route.

OLD TIMER
Passes

Mr. Robert Bjerke, formerly of Lake Mere and well known in the Heatherdown and Onoway districts, passed away in the University hospital on Saturday, Feb. 11.

Funeral services were held at Heatherdown on Thursday, Feb. 16. She leaves to mourn, her loving husband, one son, and one daughter. All her many friends mourn her passing.

CASH AND CARRY

FLINT, Mich. — What annoyed Howard Anderson most about the burglary of his food market was the fact that the drawer to his cash register was taken. "The till is of no use to me as it is," he said, offering to leave the door open some night so the burglar could take the rest of the register.

Helen Grant Is Honored At Shower

On Friday evening a large number of friends gathered at the home of Miss Therese Kieser, about 90 being present. Miss Yvonne Gamache and Miss Cecile Morissette were hostesses along with Miss Kieser.

Winner at cards was Miss Rachelle Morissette, Mrs. A. Demrais took home the booby prize. Bing winners were also numerous. After a delightful lunch served by friends a few musical selections were rendered by Mrs. W. Kraushaupt and daughters of Mrs. Jos. Kraushaupt. Miss Yvonne Gamache was at the organ.

The hostesses then presented Miss Grant with a large assortment of varied gifts. A pleasant evening came to an end with a word of thanks from the guest of honor.

NEW RAIL CHIEF: Donald Gordon, C.M.G., devoted his first hour in office as president of the Canadian National System to a press conference. "We are conducting a public service, and it is essential that the management should know what the public is thinking and what the public should be informed as to what we are doing," he said. "I hope, as soon as circumstances will permit," continued Mr. Gordon, "to go over the system. I want to get to know the men and women who make it tick. The railway is faced with almost every kind of problem one can think of, but it seems to be a first-class working organization and its foundation is sound. My work with the Wartime Economic and Trade Board has given me a knowledge of our economy, and in that respect my duties will be similar with the transportation system. We must provide a service to every phase of Canadian industry, and make our contribution to the progress of the country."

Waterways Bonspiel At Half-Way Mark

Waterways Curling Club Bonspiel is at the half way mark at the time of writing, and the Waterways rinks are certainly holding their own in the Grand Challenge event. Only one McMurray rink is still in the main event, that of Harry Stillings. The interest in the bonspiel is very keen, and the spectators are just as intent as the curlers.

McMurray, it is rumoured, will hold their bonspiel the week beginning Feb. 20th.

Obituary

MRS. A. TARON

SANGUDO — Funeral services for Mrs. A. Taron were held on Friday afternoon from the Sangudo United Church. Mr. Steele officiated and interment took place in the local cemetery.

Pallbearers were M. Howard, S. Olsen, George Pudar, Leslie Pudar, K. Miller and J. McConaghie.

She leaves to mourn her loss besides her seven children, her father, four brothers and two sisters.

REPORT OF FEBRUARY MEETING M.D. COUNCIL OF STURGEON

(Continued from Page 1)
Supplies for purchase of grader blades in quantities: 40 to 69 sets \$8.15 less 10%; 70 to 99 less 12 1/4%; and 100 sets or over less 15%. Off the car \$8.04 less 10% for 40 to 69. Reeve Rowsell was instructed to check up on our supplies with authority from council to purchase supplies if needed.

EDMONTON RURAL HEALTH UNIT

Reeve Rowsell reported that the cost of operating would be more this year due to increases in salaries and that the government in all probability would requisition for more money this year. He also pointed out that the present representatives on the board from the municipality had been in office for nearly three years, and that a change should be made.

It was suggested that two residents of the municipality should represent the municipality instead of two councillors. Mrs. Cecil Craig, R.R.A., Edmonton with Mrs. Craig's approval was appointed and the secretary instructed to notify the board, and the second representative would be appointed as soon as possible.

LEASES

Application to lease SE. 24-59-24-4 for 1950 and 1951 was made by Norman Delorme, Halfway Lake PO. It would be necessary to rebreak approximately 40 acres and crop in 1951.
